Great Getaways

Take advantage of this summertime opportunity to reach day trippers, weekend warriors and out-of-area visitors looking for fun things to do in our areas.

This summer, families right here in our own backyards will be looking for things to do and places to go that are more affordable, involve less long-distance travel, but are still enjoyable and exciting. Make sure to promote your business in Great Getaways by calling the Penny Saver at 800-767-7862 today!

LAWN & GARDEN

Spring lawn seeding basics

Spring has sprung, and there are many activities to enjoy now that the warmer weather has arrived. Many homeowners make the most of warmer weather by tackling projects around their properties.

While autumn is a better time to overseed a lawn for new growth, satisfactory results still can be had if seeding is done early enough in the spring. Grass needs ample time to establish roots and grow strong before the summer heat takes its toll. Many types of grass need six to 12 weeks of ideal temperatures and growing conditions to germinate and produce a sturdy grass that will grow and endure.

Seeding can be done to rejuvenate an existing lawn and fill in bare spots. It also can be done to start a lawn from scratch. The following are some tips to help make seeding projects more successful.

- Begin by raking the lawn to remove thatch and any fallen leaves leftover from autumn and winter. Raking also enables you to inspect the lawn for bare patches or matting of grass that may be indicative of a fungus or other problem.
- Dust off the mower and trim the lawn short, especially if it was left long at the end of last season. This will help seed penetrate the blades of grass and get to the soil beneath.
- High-traffic lawns may need aeration to counteract compacted soil. Moss on the ground is often an indication of compaction. Aeration will help with this problem, as it pokes holes into the soil to enable oxygenation that keeps new grass robust and promotes faster growth. Lawn aerators can be rented from many garden centers.
- Spread a mixture of topsoil and compost over the top of the lawn. This will add nutrients through organic matter to the lawn and create a good base for the new

seed to take root. It will also help strengthen any existing grass and promote long-term health.

- Test a sample of the soil to check the pH. Grass prefers a neutral pH, but some soil tends to lean toward the acidic side, especially if you see the presence of moss. Knowing the pH will help determine just how much lime per square foot you will need to adjust it accordingly. Liming is a corrective measure and does not need to be used on a healthy, thriving lawn.
- Invest in a spreader to add seed to the lawn. The spreader will have various settings that enable you to calibrate the rate of seed dispersion depending on your walking speed. Fill the spreader with seed and begin to walk around the lawn. Drop spreaders require you to apply seed in rows with no overlap. Broadcast spreaders will cast seed widely and may need some overlap to guarantee complete coverage.
- Spread another thin layer of compost mix over the seed and water thoroughly. The compost will help keep moisture in while the seeds germinate.
- Aim for lawn watering two to three times per day. The seed should be barely dry between watering. After seeds have germinated and established, you can reduce the frequency of watering but increase the depth of the watering to keep roots strong.
- Avoid foot traffic on a newly seeded lawn until the grass is well established. GT144923

LAWN & GARDEN

Cultivate An Herb Garden

Many people cultivate gardens both inside and outside of their homes with a focus on adding aesthetic appeal to their property. But a garden that boasts plants that are edible and pleasing to the eye is a possibility as well.

Planting an herb garden is a creative way to enjoy the sights, smells and tastes of a wide variety of plants. Using fresh-harvested herbs in culinary endeavors imparts a taste that dried spices cannot match. What's more, fresh herbs are often easy to cultivate.

Herbs are versatile, capable of lending great flavor to foods while also playing different roles in personal health and beauty. Herbs can be grown to perfume homes and bodies. There are herbs that are also purported to help with ailments, from upset stomachs to anxiety.

When planting an herb garden, you may want to pay particular attention to the types of flavors and smells you like in your home and cooking. This will help you to narrow down the types of herbs you will plant. Many would-be herb gardeners tend to start small to see what luck they have when cultivating herbs. Fortunately, herbs can grow well in containers indoors, provided the soil is amenable and there is plenty of sunlight.

Herbs will grow best in well-prepared soil. Make sure that it is rich in organic matter and drains well. Also, for plants like parsley, be sure to have deep pots or dig deeply in the garden to establish long taproots.

Until the weather warms up, you may want to begin herb cultivation indoors and then transfer plants outside during the summer. Basil, for instance, is a tropical plant that does well in warm conditions. Therefore, it will need to be kept away from drafts and get several hours of direct sunshine a day. Place most herb planters in a south-facing window of a home to ensure they get ample sunlight and to allow the soil to dry adequately between waterings.

With many herbs, leaf production will diminish on any stems that flower. It is essential to pinch off flowers that form to encourage the herb plant to continue producing leaves, which are the parts of the plant most associated with seasoning and aroma.

Thank you UHS Nurses

*the lifeblood
of healthcare
organizations*

**National
Nurses
Week
May 6 – 12**

nyuhs.org

Healthcare in the U.S. has changed dramatically over the past 50 years and the profession of nursing has evolved with it, becoming more indispensable than ever in creating a great patient experience.

UHS nurses are partners with all the other members of the patient care team, in every clinical setting, from the operating room to home care. The expertise and skills UHS nurses demonstrate ensure strong multidisciplinary teams serving our patients.

“At UHS, nurses are the heart of the caregiving experience, providing direct bedside care, promoting health, fostering ongoing education and preventing disease,” said Kay Boland, RN, senior vice president, chief nursing officer and chief operating officer of UHS.

“They work with patients, families and our community to bring forward information about important health topics. They play a key role in improving healthcare access and quality and can influence whether a patient feels respected and cared for during treatment.”

There is no better time to recognize and honor a UHS nurse than during National Nurses Week, observed May 6 to 12. The celebration begins with **National Nurses Day** on May 6 and ends on May 12, the birthday of Florence Nightingale (1820-1910), the founder of modern nursing. The year 2024 is the 70th year of a nationally recognized Nurses Week celebration.

YOUR CARE. YOUR WAY.

The BEST STEAMED CLAMS

Kids & Calves Clinic & Show

June 7th-9th, 2024

Chenango County Fairgrounds, Norwich, NY

The clinic and show to be held on **June 7th-9th, 2024** at the Chenango County fairgrounds in Norwich, NY will be that kind of opportunity. **Youth** will bring their own animals and participate in a fitting and showmanship clinic Saturday morning. During this time, professional level fitters and showmen will help the kids prepare for an evening showmanship contest. Individual attention to the kid's skills and the calf they intend to use for the showmanship contest is what will make this unlike any other fitting clinic.

A TENTATIVE TIMELINE OF EVENTS INCLUDES:

- All exhibitors and participants are to be ready to participate in the clinic starting on Saturday, June 8th at 10 am. Fitting skills and techniques will be demonstrated and addressed in small, age-appropriate groups. The youth will have a chance to work on their own animal they have chosen for the showmanship contest with guidance from the professionals.
- **Saturday, June 8th at 5 pm.** Showmanship contest will be held. We will use the skills learned throughout the day.
- **Sunday, June 9th at 8:30 am.** Conformation classes begin.

Our previous clinics and shows attracted over 100 kids and 150 calves, and this year is shaping up to be even more successful! To make this event possible we need the support of many and so we sincerely hope you will consider making a donation to our event. Sponsorship opportunities are listed below. We do our best to provide every meal for the kids while they are at our show & clinic. Thank you for your support!

Sponsorship Levels Include advertisement of the Showman App Website, Facebook Page, and our show book.

BRONZE \$1 - \$150	GOLD \$401 - \$999 (Banner Displayed at the show)	
SILVER \$151 - \$400	PLATINUM \$1000 + (Banner Displayed at the show)	

PLEASE MAKE CHECKS PAYABLE TO: Kids & Calves Clinic & Show

Zack Proskine, 1400 State Highway 51, Gilbertsville, NY 13776

If you have any questions, please contact us at 607-435-0051 or kidsandcalves@gmail.com.

Donations can be made using this direct link to the showman app page!

Know Your Limits

Maybe you like the feel of the open road or maybe you're just in a hurry. But the fact remains, that speed limits are carefully set to give you the safest possible driving speed for each road's particular traffic conditions. And because speeding is dangerous, the penalties are stiff.

So whenever time is of the essence, start out early and obey your local speed signs. Then you can enjoy a safe and leisurely ride without having to worry about the fines.

LOOKING FOR AN AFFORDABLE USED CAR?

SICK OF BUYING rusty junk off of Craigslist and then spending more than you paid for it trying to get it functional or to pass inspection? At Central Auto Sales I take pride in buying quality cars that are still in excellent condition that can supply you with many miles of service in the future. I typically buy my cars from states south of NY to avoid the rust associated with local cars. I have a nice selection of cars in the affordable \$4-6K range, most are low miles or low miles for the age. I'm a lifetime resident of Norwich. Buy from someone local. No pressure, no fancy hype, just quality cars at fair prices! Central Auto Sales LLC, 429 Manley Road, Norwich. www.centralautosalesllc.com 607-336-6371.
