# Best of Chenango County

# WINTER SPORTS

Many of our Chenango County high school sports teams and athletes have once again performed to an exceptional level during the 2024-2025 season.

A season ago The Evening Sun published a five-section special insert that promoted our star athletes and teams who either reached a major milestone, won a championship or broke a school record within that respective sport.

In April, we will once again profile the best athletes and teams our County has to offer with our 2024-2025 Best of Chenango County Winter Sports!

The special section will include large color photos of our star athletes and teams as well as detailed summaries explaining extraordinary achievements along with quotes from our athletes and coaches.

This type of sports coverage can only be found at The Evening Sun and we take great pride in presenting this once-a-year publication that summarizes the best our winter sports has to offer.

**Deadline: Tues., April 8**

**Publication: Thurs., April 17**

# TAX GUIDE

## THE RIGHT TO A FAIR AND JUST TAX SYSTEM

The Taxpayer Bill of Rights is a cornerstone document that highlights the 10 fundamental rights taxpayers have when dealing with the Internal Revenue Service. The IRS wants every taxpayer to be aware of these rights in the event they need to work with the IRS on a personal tax matter. The IRS continues to publicly highlight these rights to taxpayers. The IRS also regularly reminds its employees about these rights. The IRS expects employees to understand and apply taxpayer rights throughout every encounter with taxpayers. IRS Publication 1, Your Rights as a Taxpayer, includes a full list of taxpayers’ rights. It includes The Right to a Fair and Just Tax System.

Taxpayers have the right to expect the tax system to consider facts and circumstances that might affect their underlying liabilities, ability to pay, or ability to provide information timely. Taxpayers have the right to receive assistance from the Taxpayer Advocate Service if they are experiencing financial difficulty or if the IRS has not resolved their tax issues properly and timely through its normal channels.

What you can expect:

- If you can’t pay your tax debt in full and you meet certain conditions, you can get a payment plan with the IRS. You pay a set amount over time, generally in monthly payments. See the IRS Online Payment Agreement Application.
- You can submit an offer in compromise asking the IRS to settle your tax debt for less than the full amount. You can do this if (1) you believe you do not owe all or part of the tax debt, (2) you are unable to pay the full amount within the time permitted by law to collect it, or (3) paying the full amount would cause financial hardship or would be unjust.
- The IRS has published a list of national and local guidelines about the basic costs of living. You can use it when considering an offer to reduce your tax debt. The IRS won’t use these guidelines if they result in your not having enough money to pay your basic living expenses. The IRS would use your actual expenses instead.
- The IRS cannot levy, or seize, all of your wages to collect your unpaid tax. A portion will be exempt from levy to allow you to pay basic living expenses.
- You can receive help from the Taxpayer Advocate Service or from a Low Income Taxpayer Clinic.
- The IRS can abate the unpaid portion of any tax or liability, and is specifically authorized to abate interest that is excessive or interest that was assessed erroneously, illegally, or after the statutory period of limitations on collection has expired.
- The IRS can abate interest on an underpayment caused by unreasonable delay or error by an IRS employee if the taxpayer (or representative) did not contribute to the delay or error.

To find out more about the TBOR and what it means to you visit the Taxpayer Advocate Service’s website.

By making this important publication available in multiple languages, the IRS hopes to increase the number of Americans who know and understand their rights under the tax law. The IRS has more tax information in other languages too. See the “Languages” menu at the top of any IRS.gov page.

The IRS also is committed to protecting taxpayers’ civil rights. The IRS will not tolerate discrimination based on age, color, disability, race, reprisal, national origin, English proficiency, religion, sex, sexual orientation or status as a parent. This includes any contact with IRS employees and the staff or volunteers at community sites.

If a taxpayer faces discrimination, they can send a written complaint PDF to the IRS Civil Rights Division.

YOU JUST BLEW \$10,000.

Buzzed. Busted. Broke.

Get caught, and you could be paying around \$10,000 in fines, legal fees and increased insurance rates.

# CAR CARE

## WHAT NOISY BRAKES MAY BE TELLING YOU

The only noises many drivers ever want to hear coming from their vehicles are the sounds of their favorite songs blasting from their car stereos. But cars sometimes make noises that aren't nearly as inviting as music. Noises that seem to pop up when applying the brakes can be especially scary for motorists. No one wants to drive a vehicle with faltering or suspect brakes, so learning to distinguish between the two most common brake noises can be a wise move for drivers.

### Grinding brakes

That grinding noises indicate a serious problem with the braking system. There are two major causes behind the grinding noise made by brakes. If the grinding sound is audible when pressing on the brake pedal, this likely because the rotor disc is coming into contact with part of the caliper. This typically occurs because the brake pads or rotors are extremely worn down, causing the steel backing of the worn out pad to grind against the rotor. In such instances, mechanics recommend replacing the brake pads immediately.

If the grinding noise is audible while the vehicle is in motion, debris might be stuck inside the brakes. Drivers might be able to dislodge this debris by repeatedly moving their cars forward and backward in a safe place, such as a driveway. If that does not work, have the brakes serviced by a qualified mechanic.

**Squealing**  
Many drivers are familiar with the high-pitched squealing sound that comes from their vehicles or those of fellow motorists. That squeal, while certainly not music to the ears, might be a good thing. Some brake pads are equipped with small steel clips that serve as wear indicators. When brake pads have worn down, these devices produce a squealing sound to let drivers know it's time to get new brake pads. But squealing can be indicative of other things as well. Squealing noises are sometimes heard immediately after brake pads or rotors have been replaced. In such instances, the noise typically subsides within a day or two once the pads have been broken in.

Glazed pads also can create a squealing sound. When calipers stick, the brakes stay partially applied, producing excessive friction or heat. The heat causes the brake pads to glaze. No one wants to hear noises coming from their brakes. However, such noises are often a car's way of telling drivers that brakes need to be serviced. SC203719

LOOKING FOR AN AFFORDABLE USED CAR?

SICK OF BUYING rusty junk off of an individual or online and then spending more than you paid for it trying to get it functional or to pass inspection? At Central Auto Sales I take pride in buying quality cars that are still in excellent condition that can supply you with many miles of service in the future. I typically buy my cars from states south of NY to avoid the rust associated with local cars. I have a nice selection of cars in the affordable \$4-6K range, most are low miles or low miles for the age. I'm a lifetime resident of Norwich. Buy from someone local. No pressure, no fancy hype, just quality cars at fair prices! Central Auto Sales LLC, 429 Manley Road, Norwich. www.centralautosalesllc.com 607-336-6371.
