"EXPERIENCE" March 8, 2026

Schoharie County Office for the Aging 518-295-2001

March Is Colorectal Cancer Awareness Month

Laughter Is Good For The Soul

- I started a new exercise routine. I call it "running late." It's cardio and panic combined.
- I told my suitcase there will be no vacation this year. Now I'm dealing with emotional baggage.
- My wallet is like an onion. Opening it makes me cry.

We will be offering Grab & Go meals HERE at Office for the Aging, 113 Park Place Suite 3, Schoharie - Tuesday-Thursday in the Community Room from 11 am - 1 pm. Please call us to reserve a meal! 518-295-2001.

Reminder The Parkinson Support Group meets on the second Tuesday of every month, at 1PM, the next meeting will be March 10, 2026, at The Gathering Place, 127 Kenyon Rd. Cobleskill, please call Lenore Tsamis at 518-295-2001 to RSVP or please have any questions.

Questions to ask when new to Medicare

If you are new to Medicare, there are several questions you should consider while approaching or within your Initial Enrollment Period (IEP) or a Special Enrollment Period (SEP). Use this guide to consider your options when preparing to enroll in Medicare or after you have already enrolled.

What are the basics?

Medicare is a complex program and can sometimes be confusing. The best place to start when you are new to Medicare is by familiarizing yourself with the differences between it and the health insurance you have now. Learn what makes a person Medicare-eligible, the different parts of Medicare insurance and what those parts cover, times to enroll in Medicare, and how putting off enrollment can result in penalties. These initial steps will help smooth the transition from your current insurance to Medicare once you are eligible.

What are your coverage options?

Everyone has different health care needs, meaning the coverage that is right for your friends or family may not be right for you. Will you enroll in Original Medicare or would you prefer a Medicare Advantage Plan that may limit your provider networks or have different costs but that offers additional coverage? If you have current employer insurance, you may decide not to enroll in Medicare until you have retired. If you are already retired, you might find that Original Medicare plus retiree insurance works better for you than Original Medicare plus a Medigap (or vice versa). Find out the full range of your coverage options.

Should you enroll in Part D?

While you should make sure you enroll in Part D prescription drug coverage when you become Medicare-eligible (assuming you do not have other creditable drug coverage), there are many Part D options for you to explore. Keep in mind, too, that sometimes retiree insurance offers prescription drug coverage that is as good as or better than Medicare Part D. If that is the case, you might decide not to take Part D because you are already covered. Finally, if you have difficulty affording your drug costs, you may want to consider applying for programs that can help pay these costs.

Are you eligible for programs that help lower Medicare costs?

There are several programs for people with low incomes that help pay for Medicare-related costs, such as premiums and copays. Some of these programs are federal while others are state-specific. Find out whether you meet the eligibility requirements and take full advantage.

What resources exist to help you navigate Medicare? Medicare is a complex and beneficial program, and a variety of trusted sources can help you navigate your rights and options. A few are listed here:

- 1-800-MEDICARE (1-800-633-4227)
- Social Security Administration
- State Health Insurance Assistance Program (SHIP)
- Medicare Rights Center

Fun Fact! Your stomach gets a brand-new lining every few days. Otherwise, it would digest itself. Rude.

Life Chat: Schoharie County Office for the Aging invites you to our monthly Life Chat Meeting. Presenter, Jessica Whitney, the Public Education & Community Outreach Coordinator for the Cancer Services Program. Wednesday, March 25, 2026, 1PM at the Office for the Aging, 113 Park Place, Suite #3, Schoharie, NY 12157. Door prize and light refreshments! Questions or to RSVP contact Lenore Tsamis at 518-295-2001.

Thought for today: Don't count the candles...just enjoy the glow. (And maybe keep the fire extinguisher near!)

Auctions

HOSKING SALES LLC

CERTIFIED ORGANIC MARKETING AGENCY

Popular kitchen flooring materials

It's well-documented that kitchens are popular gathering spaces in homes. Perhaps that's one reason why homeowners looking to sell their homes direct so much attention to the kitchen before listing their

properties. The real estate experts at Trulia note that emphasis is well worth it, as buyers inspect kitchens and primary bathrooms more than any other spaces in a home.

Cabinets and countertops garner considerable attention when pondering kitchen renovations, but it's equally important that homeowners pay attention to flooring when planning a remodel. The following are some notable flooring

The smooth surface of laminate flooring makes it easy to clean, and it's resistance to water is another characteristic that appeals to homeowners

materials homeowners may want to consider as they plan to remodel their kitchens.

- Ceramic tile: Ceramic tile is a popular kitchen flooring material. The flooring experts at Avalon Flooring note that ceramic tile boasts an elegant and clean feel. Ceramic tile also is durable and easy to maintain. That simple maintenance includes ease of cleaning, as ceramic tile can be quickly cleared of spills and dirt tracked into a kitchen from outside. Ceramic tile also comes in a wide variety of colors, a versatility that undoubtedly adds to its popularity.
- Porcelain tile: Porcelain tile is another versatile option that can add instant aesthetic appeal to a kitchen. Porcelain tile is waterproof, which appeals to many homeowners looking to renovate their kitchens.

I M P R O V E M E N T

Porcelain also is easily cleaned and durable, as flooring experts estimate that porcelain tiles can last anywhere from 15 to 50 years. Porcelain tile also requires minimal maintenance, which appeals to busy homeowners.

- **Engineered hardwood:** Engineered hardwood is a popular choice that many homeowners appreciate due to its strength and aesthetic appeal. This flooring material is made with real wood that's reinforced to make it even more durable and water-resistant. The result is an easily maintained product that also can last as long as solid wood flooring so long as it's well-maintained. Various shades, designs and textures are available, which makes this a versatile option.

- **Laminate flooring:** Laminate flooring is a budget-friendly option that's available in a wide range of styles, colors and patterns. The smooth surface of laminate flooring makes it easy to clean, and it's resistance to water is another characteristic that appeals to homeowners. But spills on laminate floors are best cleaned up quickly, and the material is vulnerable to warping and staining if exposed to moisture for extended periods of time.

These are some of the options homeowners can consider as they ponder which material to install on their kitchen floors as they remodel these popular rooms. HI264739

Improving storage in common areas

Increasing storage capabilities at home is a popular goal among many homeowners and renters. Despite how much space a person may have at home, there's often a desire to have more or maximize the areas that are there. According to the Self-Storage Almanac, there are an estimated 51,206 storage facilities operating in the United States today, and MJ Partners Self-Storage Update says 11.1 percent of households currently rent at self-storage facilities. IBISWorld indicates the Canadian self-storage industry has grown at an average annual rate of 3.1 percent over the last five years.

People often turn to external storage facilities to house their belongings when space is at a premium at home. Others may focus their organization energy on closets, garages and basements to free up room. But common areas around the home also can provide additional sources of storage. Common areas are locations where people come together for activities.

Living room/ Family room

Living rooms and family rooms are areas of the home where people spend many hours. These tend to be multifunctional spaces where people entertain, lounge and even enjoy movies or gaming. Possibilities in these living spaces that can create extra storage include furniture that serves double-duty. For example, a storage ottoman adds decorative appeal but also can be filled with board games or books. Cabinet-style TV stands may not be as streamlined as mounted versions, but they're ideal places to stash games, remote controls and other accessories.

Entryway

An entryway or mudroom can quickly succumb to clutter. When organizing such a space, think about the needs of the household. A storage bench will be a place where everyone can sit to put on shoes, and then stow footwear underneath when not in use. A wall-mounted rack can hold the current season's jackets or sweaters, as well as purses or backpacks for easy access. A shelf with some hooks can store keys or hold a basket to store the daily mail.

Hallway and Closet

Closet organization systems can be the unsung heroes in closets utilized by multiple members of the family. These customizable components can be sized accordingly for the space, and then configured as needed with a balance of shelves and hanging racks. An out-of-the way nook or long hallway can be enhanced with a bookshelf to hold photo albums or that library that only continues to grow as new reading material is acquired. Homeowners can make common areas more functional with the addition of storage. TF23C528

SPRING HOME IMPROVEMENT

The basics of 3 popular siding materials

Few home renovation projects can change the look of a home as significantly as new siding. New siding can make a home look brand new, and a new color can dramatically change the perception of a home. As homeowners begin to consider siding replacement projects, they might be surprised to learn their options in relation to materials are so numerous. Though it's great to have options, it also can be difficult to pick a material when there are so many products to choose from. Vinyl, fiber cement and wood are three popular siding materials, and understanding the characteristics of each can help homeowners make more informed decisions.

Vinyl

Vinyl siding has long been among the most popular siding materials. The National Association of Home Builders notes that popularity has declined in recent years, with the market share of vinyl siding dropping 5 percent over the last decade and nearly 13 percent over the last 20 years. Despite that declining popularity, vinyl remains a strong option for many homeowners due to its affordability and minimal maintenance requirements. Consumer Reports also notes that vinyl siding is impervious to insects and water, an attribute that's highly appealing to many homeowners.

Fiber cement

Consumer Reports notes that fiber cement siding blends cement, sand and cellulose. Many homeowners like fiber cement siding because of its

aesthetic appeal, as it looks like real wood without the vulnerabilities associated with wood (see below). The home renovation experts at This Old House report that fiber cement siding has exceptional durability and offers great resistance to environmental factors like harsh weather, UV rays and moisture. Fiber cement siding also is a low-maintenance, insect-resistant option that won't warp or rot. Fiber cement siding is not easily installed, which contributes to a higher overall cost.

Wood

Siding materials don't get much more traditional than wood. It shouldn't surprise homeowners to learn that wood siding can warp or rot, and anything made from wood can be vulnerable to insects. However, well-maintained wood siding can be very durable and certain types are less vulnerable to rot than others. Local climate will affect which wood siding options are best for a given area. Many see wood siding as characteristic of a high-end home, making the somewhat higher price tag compared to vinyl siding easier to justify. There's no right or wrong decision when choosing siding materials for a home. Homeowners are urged to do their homework, including studying cost and the local climate, before choosing a material for their home. SH262600

Don't get shocked by home electric safety issues

Electricity helps run the world, including our homes and businesses. Without electricity, we'd have no access to lighting, our interior spaces may not be heated or cooled effectively, and the computers and other devices we rely on so heavily would not run.

Even though electricity is designed to make people's lives more convenient, it's easy to take it for granted and become complacent about the safety needed to use it effectively. The Electrical Safety Foundation International says each year electrical malfunctions account for 35,000 home fires causing more than 1,130 injuries, 500 deaths and \$1.4 billion in property damage. Since the average American home was built in 1977, many existing homes of this age and older simply cannot handle modern demand for electricity without modification.

The following are some warning signs that electrical issues could lead to bigger problems:

- Tripping of circuit breakers or blowing of fuses regularly
- Dimming of lights when other devices are in use
- Buzzing sounds from outlets or switches
- Discolored outlets
- Seemingly underpowered appliances

Additional warning signs can include a tingling feeling when an electrical appliance is touched, rubbery smells or an aroma of burning.

Individuals can take certain precautions to ensure electrical safety at home and at work. Here are nine guidelines to follow, courtesy of the

National Fire Protect.

1. Have any home you are buying or renting inspected by a qualified private inspector in accordance with local requirements.
2. When electrical work is needed, hire a qualified, licensed electrician.
3. Use only one heat-producing appliance plugged into a receptacle outlet at a time.
4. Do not use extension cords for major appliances like ovens, washers, stoves or microwaves. They should be plugged directly into a wall receptacle outlet.
5. Ground-fault circuit interrupters (GFCIs) should be installed in kitchens, bathrooms, garages, and basements to shut off an electrical circuit when it becomes a shock hazard.
6. Extension cords should only be used temporarily. Have an electrician install more outlets if they are needed.
7. Keep the area around the electric meter clear.
8. Make sure outdoor lights and other fixtures are rated for outdoor use.
9. Label the circuit breakers to understand the different circuits in the home and know which to turn off when electrical work is being conducted.

It doesn't take much for an electrical issue to become serious and start a fire or cause shocking. Treat all electricity use in a home or business seriously. TF235980

38th ANNUAL GREAT GREENBACK GIVEAWAY

A maximum of 600 tickets to be sold at \$50.00 each. Prizes are awarded as follows:

1st Prize -		\$5,000.00
2nd Prize -		\$3,000.00
3rd Prize -		\$1,500.00
2 Prizes @		\$500.00 each
10 Prizes @		\$200.00 each
10 Prizes @		\$125.00 each

Drawing Saturday, July 18, 2026 at 2:00 PM at the West Winfield Fire Department, 373 West Main St., West Winfield.

Again this year in addition to the 25 cash prizes we traditionally draw, we will be having four additional drawings of \$125.00 each. Purchasing your tickets early will increase your chance of winning any or all the four added prizes! The four added prize drawings will not affect prize values or odds for the July 18, 2026 drawing as described above.

**Dates for the bonus drawings are:
April 6, 2026**

Tickets that have been purchased as of these dates will be eligible to win all the above prizes including the main drawing in July 2026. The ticket will be drawn on those dates during our monthly meeting and the winner will be notified as soon as possible. To be entered:

1. Use an application form for each ticket which may be paid using cash, **check made payable to Henry Hiteman Engine and Hose Co., Inc.** or online at a **link on Henry Hiteman Engine & Hose Company Facebook page.**
2. Mail completed application form to: West Winfield Fire Department
Attn: Great Greenback Giveaway
PO Box 158, West Main Street
West Winfield, NY 13491-0158
3. Ticket sales will end PROMPTLY at 1:00 PM on the day of the drawing.
4. The drawing will begin with the 25th prize and continue to the 1st prize.
Each winning ticket will be thrown back into the drum so you can win more than once on the same ticket.
5. Requests for special or lucky numbers will be honored on a first come, first served basis.
6. Members of the West Winfield Fire Department are eligible to purchase tickets and you do not have to be present to win. Purchasers must be 18 years of age. Taxes will be withheld on some of the prizes.
7. Multiple names are allowed on tickets, but the primary contact should be listed first.
8. Call (315) 822-6223 with questions or for information updates.
