# Ready for Spring?

We are! That's why we're turning our attention to things that have to do with getting outside and taking advantage of some warmer weather.

Our advertisers are also gearing up for a big Spring season so be sure to check the pages of the Pennysaver every week to see what they have to offer.

## SPRING ANTIQUES IN SCHOHARIE

Schoharie Colonial Heritage Association is putting the last details together for this year's "Spring Antiques in Schoharie" antique show to be held on Saturday, April 11, 10-5 and Sunday April 12, 11-4 at the Schoharie Central School, 136 Academy Drive, Schoharie, NY. The show is moving back to the Schoharie Central School after the extensive renovations and everyone is excited. Visitors will see the newly constructed gymnasium in the Elementary Wing and the brand-new kitchen where we will be serving our homemade chili, mac and cheese, soups and salads plus our delicious desserts. The spacious dealer booths are a perfect backdrop for our many quality dealers to exhibit their treasures. You'll find country furniture, textiles, carpets, stoneware, vintage books, weathervanes, paintings, Native American items, art glass, jewelry, vintage silver, coins, vintage clothing, jewelry and everything in between. This spring show is a favorite for shoppers as well as the dealers who participate.

This antique show is run by our volunteers and is a major fund raiser to support our two museums — the Schoharie Valley Railroad Museum, and the 1743 Palatine House, both open weekends from May 'til October. The Children's Summer Theatre program is also supported by our antique shows.

Call show manager Ruth Anne Wilkinson with questions at 518-231-7241. There are still a few spaces available for dealers. Mark your calendars now for the weekend of April 11 and 12. We'll be anxious to see you! ➔

**Trail Renovations Begin at Rogers Environmental Education Center**

This spring, the Department of Environmental Conservation and the Friends of Rogers Environmental Education Center (Friends of Rogers) are teaming up on a significant trail restoration project at Rogers Environmental Education Center. Local DEC Operations staff will lead the trail renovations while the Friends of Rogers will remodel and enhance the wildlife viewing platform.

This project is funded through a combination of the New York Works Infrastructure 10 Fund and a grant from the Zoos, Botanical Gardens & Aquaria (ZBGA) Capital Grant Program. Additional funding is provided by the Greater Norwich Foundation and the Roger Follett Foundation, who have invested generously in staff capacity at the Friends of Rogers for project administration. ZBGA funds are made available through an appropriation from the New York State Budget and administered by the New York State Office of Parks, Recreation and Historic Preservation (OPRHP).

“With this project, we begin a new chapter of accessibility improvements at Rogers Environmental Education Center. Motivated by the desire to create inclusive spaces for people throughout the region, we will be transforming Channels Marsh Trail into an accessible pathway through nature, whether you’re on foot, in a wheelchair, or being pushed along in a stroller,” said David Carson, Executive Director for the Friends of Rogers.

The Channels Marsh Trail will be closed in several locations during the renovation project. Visitors are advised to enjoy other trails while improvements are implemented, including the Cush Hill Trails and Adams Farm Trails. Maps are available at the Visitors Center.

“Capital projects like these are exciting and inspiring for our entire region,” added Carson. “They remind our community and the communities throughout central New York that Rogers Environmental Education Center is a vibrant destination and wonderful model of non-profit and state partners working together.”

Community members interested in volunteering for affiliated trail maintenance projects are encouraged to reach out to the Friends of Rogers Community Engagement Coordinator, Gil Polk, by emailing gil@friendsofrogers.org.

Rogers Environmental Education Center is one of four DEC environmental education centers in New York State and is operated by the Friends of Rogers Environmental Education Center. ➔

**Thank-You for Your Support!**

Hospice & Palliative Care of Chenango County has been caring for Chenango County families since 1991. Last year, we cared for almost 200 community members and their families, providing relief when it was most needed. Your generous support empowers our organization to continue delivering the highest quality of care and to be a prime source of relief for our community. Also, a very special thank-you to Pires Flower Basket of Norwich and Mountain View Gardens of Sherburne for their support of this annual event.

## Best of Chenango County **WINTER SPORTS**

**2025-26**

Many of our Chenango County high school sports teams and athletes have once again performed to an exceptional level during the 2025-2026 season.

A season ago The Evening Sun published a four-section special insert that promoted our star athletes and teams who either reached a major milestone, won a championship or broke a school record within that respective sport.

In April, we will once again profile the best athletes and teams our County has to offer with our 2025-2026 Best of Chenango County Winter Sports!

The special section will include large color photos of our star athletes and teams as well as detailed summaries explaining extraordinary achievements along with quotes from our athletes and coaches.

This type of sports coverage can only be found at The Evening Sun and we take great pride in presenting this once-a-year publication that summarizes the best our winter sports has to offer.

# TAX GUIDE

The Independent Office of Appeals (Appeals) may be the place for you if all the following apply:

- You received a letter from the IRS explaining your right to appeal the IRS's decision
- You do not agree with the IRS's decision
- You are not signing an agreement form sent to you

If all of the above are true, then you may be ready to request an Appeals conference or hearing. To decide if you should appeal your tax dispute, consider the following. If you believe the:

- IRS made an incorrect decision based on a misinterpretation of the law, check the publications discussing your issue(s)
- IRS didn't properly apply the law due to a misunderstanding of the facts, be prepared to clarify and support your position
- IRS is taking inappropriate collection action against you or your offer in compromise was denied and you disagree with that decision, be prepared to clarify and support your position

Facts used by the IRS are incorrect, then you should have organized records or other evidence to support your position. In addition to the ordinary appeal process, we offer mediation programs that can more quickly resolve disputed issues.

Appeals isn't for you if any of the following apply:

- The correspondence you received from the IRS was a bill and there was no mention of an appeal
- You didn't provide all information to support your position to the examiner during the audit
- Your only concern is that you can't afford to pay the amount you owe

If you don't meet the conditions above for having your case enter the Appeals process, contact the IRS employee you have been working with or call for assistance in identifying the correct IRS employee to contact.

# CAR CARE

## WHAT NOISY BRAKES MAY BE TELLING YOU

The only noises many drivers ever want to hear coming from their vehicles are the sounds of their favorite songs blasting from their car stereos. But cars sometimes make noises that aren't nearly as inviting as music. Noises that seem to pop up when applying the brakes can be especially scary for motorists. No one wants to drive a vehicle with faltering or suspect brakes, so learning to distinguish between the two most common brake noises can be a wise move for drivers.

### Grinding brakes

That grinding noises indicate a serious problem with the braking system. There are two major causes behind the grinding noise made by brakes. If the grinding sound is audible when pressing on the brake pedal, this likely because the rotor disc is coming into contact with part of the caliper. This typically occurs because the brake pads or rotors are extremely worn down, causing the steel backing of the worn out pad to grind against the rotor. In such instances, mechanics recommend replacing the brake pads immediately.

If the grinding noise is audible while the vehicle is in motion, debris might be stuck inside the brakes. Drivers might be able to dislodge this debris by repeatedly moving their cars forward and backward in a safe place, such as a driveway. If that does not work, have the brakes serviced by a qualified mechanic.

**Squealing**  
Many drivers are familiar with the high-pitched squealing sound that comes from their vehicles or those of fellow motorists. That squeal, while certainly not music to the ears, might be a good thing. Some brake pads are equipped with small steel clips that serve as wear indicators. When brake pads have worn down, these devices produce a squealing sound to let drivers know it's time to get new brake pads. But squealing can be indicative of other things as well. Squealing noises are sometimes heard immediately after brake pads or rotors have been replaced. In such instances, the noise typically subsides within a day or two once the pads have been broken in.

Glazed pads also can create a squealing sound. When calipers stick, the brakes stay partially applied, producing excessive friction or heat. The heat causes the brake pads to glaze. No one wants to hear noises coming from their brakes. However, such noises are often a car's way of telling drivers that brakes need to be serviced. SC203719
